34 Candidates For 11 Vacancies

VANCOUVER, Dec. 4.—(CP)—Thirty-four candidates were in the running for Vancouver's Dec. 10 civic elections when nominations closed yesterday.

There are three mayoral candidates, 13 aldermen for four seats, 10 school board for four seats, and eight parks board for three seats.

Mrs. Effie Jones, backed by the Civic Reform Committee and Peter McAllister, an independent, were lined up against Acting Mayor Charles Jones, civic non-partisan candidate appointed to the chief magistracy's post on the death of Mayor G. G. McGeer earlier this year.

Major Harold Wilson, defeated in his campaign for mayor in 1946, this year seeks a seat on city council.

A strong CCF aldermanic date was entered, comprising Arthur Turner, member of the Legislature for Vancouver East, and two former members, Mrs. Grace MacInnis and Mrs. Laura Jamieson.

Iodine Atom Water

Medical Men Find New Cure For Excess Energy

By HOWARD W. BLAKESLEE

BOSTON, Dec. 4.—(AP)—A few drinks of water containing radioactive iodine atoms made in the Oak Ridge, Tenn., atomic oven during the last year apparently have been curing nearly all cases of hyperthyroidism in which the treatment was tried.

One hundred of these cases were described to the Radiological Society of North America yesterday by Dr. Earle M. Chapman of Boston and Dr. Sidney C. Werner and Dr. Edith Quimby of New York.

Hyperthyroidism is the disease due to excess energy, caused by a goiter that produces too much of the thyroid gland hormone. These sufferers may have staring eyes, bodies thinned by internal ten-

sions and often hearts damaged by the excess driving power. The iodine, emitting X-rays and electron rays, eats away part of the thyroid gland. The treatment is bloodless, and painless except that there may be coughs and sore throats.

Ninety of the 100 cases got well. Ten others appear to require more drinks of iodine and their treatments are too recent to predict. The doctors have some worries about this magic drink. They do not yet know just how much to give, but find that one person needs more than another. They do not know whether the "hot" iodine atoms may start cancers that might not show up for years, but at present all signs point to no cancer risk.

"Gold Kings" Get Remand

JOHANNESBURG, Dec. 4.—(Reuters)—A Johannesburg magistrate's court yesterday adjourned for two months the preliminary examination on allegations of theft of two South African "gold kings," Norbert S. Joffe and Joseph Milne.

Former managing directors of the New Union Goldfields Limited, controllers of a \$30,000,000 (\$240,000,000) South African mining and industrial combine, Joffe and Milne were remanded on the same \$3,000 bail set last week.

Erlang, 40-year-old Cambridge graduate who learned mining in Canada with a pick and shovel, had disclosed that the Anglo-Transvaal Consolidated Investment Corporation was taking over all but three of the biggest companies in the New Union group. Anglo-Transvaal applied to the South African court in October to place the company under judicial management.

Union Officers May Hear Fate Today

WINDSOR, Ont., Dec. 4.—(CP)—A verdict may be reached today in the trial of three officers of the United Auto Workers (UAW) charged of conspiring to watch and beset the Chrysler Corporation plant here during the strike of the summer of 1946.

Judge Albert J. Gordon yesterday dismissed a motion by defence counsel to quash the indictment against George Hurt, Canadian director of the UAW, Thomas MacLean, assistant director of the UAW and Michael Rooney, business agent for Local 105.

In their first trial last December, a jury failed to arrive at a verdict in the case and a new trial was ordered.

Won't Distribute Gangster Films

NEW YORK, Dec. 4.—(AP)—The board of directors of the Motion Picture Association of America yesterday voted to cease distribution of new and old pictures glorifying gangster names and

Trygve Lie Plans Palestine Visit

LAKELAND, Dec. 4.—(AP)—Secretary-General Trygve Lie said yesterday that he plans to visit Palestine and at the same time announced the appointment of Ralph J. Bunche, United Nations trusteeship expert, as principal secretary to the five-power commission which will supervise partitioning of the Holy Land.

Lie said he could stay in Palestine only a short time. He plans to go there on a trip that will take him to Europe early in January to survey prospects for holding the 1948 session of the general assembly somewhere in Europe.

Lie at his weekly press conference also announced the appointment of Victor Ross of China, as assistant secretary-general, as head of the U.N.'s Korean independence commission.

The association, which includes all leading film producers, also banned the use of salacious and obscene titles.

General Manager

OTTAWA, Dec. 4.—(CP)—H. B. Malley, vice-president of War Assets Corporation and vice-president in charge of supply, has assumed the duties of general manager.

manager, it was announced yesterday. He will replace A. E. McMaster, now on leave of absence pending retirement Dec. 31. He takes up duties as post manager at Vancouver.

Radioactive Isotopes Now Can Be "Made to Order"

By ROBERT GOLDENSTEIN
CHICAGO, Dec. 4.—(AP)—Radioactive isotopes made while you wait.

That scientific feat was demonstrated publicly when the U.S. Atomic Energy Commission showed the actual operation of its atomic reactors at the Argonne National Laboratory near here.

During a press tour of the laboratory grounds, Dr. W. H. Zinn, director, demonstrated the operations and controls of the world's first graphite atomic pile and a more recent heavy water atomic reactor and created several radioactive isotopes in a matter of minutes. The operation was a spectacle of tremendous power that could be neither seen nor heard.

THE LOW HUM of water-pumping machinery that kept the heavy water reactor cool

Lauds Congress

Joshua Loh Lieberman, noted philosopher, author and radio preacher who addressed a public meeting sponsored by the Canadian Jewish Congress in Montreal recently. Dr. Lieberman stressed the importance of the Congress help in bringing 1,000 Jewish war orphans to Canada. These children, of whom 140 have already arrived, will be looked after by private families.

Truman Holds Up Plane For Photographer

WASHINGTON, Dec. 4.—(AP)—President Truman delayed his takeoff for Florida yesterday to do a favor for a news photographer.

His travelling companions already were aboard the Sacred Cow, the photographer's plane, but Truman held up the plane to go up the ramp to the plane. Then came an agonized yell: "Hey, wait!"

And out of the mist charged a sleepy-eyed photographer. Laughing, Truman turned and obligingly posed one more. The photographer lifted his camera and smiled.

"You don't have your flash bulb in yet," Truman told the still rattled camera man.

The bulb was put in, the picture was taken—and the plane took off 12 minutes behind the original schedule.

Stowaways Reach Record Figures

MONTREAL, Dec. 4.—(CP)—The number of stowaways, ship jumpers and seamen who missed their ships reached record figures in the port of Montreal during the navigation season now nearing its end. It was learned yesterday.

Immigration sources said 36 known stowaways arrived in Montreal, compared with 38 last season. There is no official count of deserters and men who missed their ships but they were reported to have run into the hundreds.

The increase in deserters could be traced to the desire of British people to leave their country, an immigration authority said. Many Britons were ready to take almost any chance rather than wait a year or two to come to Canada legally.

Labour Leaders Join in Fight

WASHINGTON, Dec. 4.—(AP)—United States labor leaders lashed out at the Taft-Hartley act yesterday.

Joseph Curran and his National Maritime Union (N.M.U.) filed suit in federal court attacking the constitutionality of the provisions for non-communist oaths and union financial statements.

President Philip Murray of the C.I.O. said the law is being administered in favor of employers. He begged President William Green

Juror Ill in Bed In Boyer Trial

MONTREAL, Dec. 4.—(CP)—Two flights above the sunbath in the little room where a juror lay ill in bed, the defense began its case yesterday in the conspiracy trial of Dr. Raymond Boyer.

The makeshift courtroom became the first of its kind in Montreal's legal history. When juror No. 3, Charles Desrosiers, a farmer from St. Philippe De LaPrairie, became ill with the illness known as "flu," he was taken to a hospital. The crown completed its case yesterday, filing more exhibits than the defense. The trial is expected to last several weeks.

Nearly Nude Woman Found In Bed

VANCOUVER, Dec. 4.—(CP)—Phyllis Langton, age about 40, whose nearly-nude body was discovered Tuesday in a bottle-strewn room of a waterfront hotel amid circumstances indicative of death by violence, died of "natural causes," police said last night.

However, an autopsy is to be conducted today. Police said the woman was also known as Phyllis Wavnes and Phyllis Warlock.

Police believed she had been dead since late Saturday and marks found on her body the result of natural decomposition. A housemaid found the body on a bed, covered by a single blanket and nude except for stockings. Empty liquor bottles were strewn about the room.

Jews for Palestine

FRANKFURT, Dec. 4.—(Reuters)—First of the Jews still living in Germany who will go to Palestine as a result of partition will leave in February and probably will include the 400 shipped back to Germany after trying to enter Palestine in the steamship Exodus 1947.

Judge Louis Levinthal, adviser on Jewish affairs to United States military government, said yesterday.

1/2 cup SPAGHETTI
1/2 cup E.D. SMITH'S Pure Tomato KETCHUP

This superb ketchup brings out the full deliciousness of good foods. It is in a glass jar. The favor perfection of the finest tomatoes carefully seasoned to just the right frequency. Ask for it by name!

E.D. SMITH'S PURE TOMATO KETCHUP

One of the last crown witnesses was Fred Rose, former member of Parliament, service a divorce penitentiary term for conspiracy in connection with the Russian espionage system uncovered more than two years ago. Rose was called upon for a third time in a jury faced by the wealthy Montreal scientist.

The crown opened with the contention that there could have been no conspiracy to give secret information since the information already given was not secret.

Kenneth Chisholm, former editor of the department of munitions and supply, testified that in August, 1940, he was instructed by his superior to take two Russian explosives experts to the RDX plant of St. Maurice, Quebec.

Mr. Justice Withers Lang and counsel for defense and crown agreed on the change of scene when Jerome, whose illness delayed proceedings Tuesday, was unable to appear in the regular courtroom. The temperature of 104 last night had dropped to 102 today.

Christmas Seals are a protection from the menace of TB. These little health stickers pay for X-ray surveys, tuberculosis clinics, nursing services and educational programs which are fast bringing this disease under control.

S. African Airfield
JOHANNESBURG, Dec. 4.—(Reuters)—Field Marshal Viscount Montgomery yesterday christened the Jan Smuts airfield here. The airfield will be the international airport for South Africa and when it is completed in 1952 it will have 43,000,000 (82,000,000) ft will have a main runway three miles long and two others of 1 1/2 miles' length.

Doctors prescribe Swift's Meats for Babies

Meat gives your baby a better chance for his best growth and development!

100% body-building meats complete baby's meal

Modern knowledge of nutrition enables you to give your baby the best start in life... a variety of foods gives him ingredients for health. Meat, with its body-building protein, is now part of baby's diet early in life—for good reason! Meat gives baby an even better chance for development!

Today, when your doctor prescribes that you give your baby Swift's Meats for Babies, you can feel it easily, especially with Swift's specially prepared Strained and Diced Meats. No fuss and bother of scraping, slicing or cooking. No waste! Swift's Meats for Babies are 100% body-building meats ready to feed and serve!

MOTHER! Here's why Swift's Meats for Babies meet the exacting requirements of infant feeding

- 1. Good nutrition—for growth**
Your baby grows so fast he needs three to four times more protein, proportionately, than you do! He gets complete high-quality protein in Swift's Meats for Babies. Remember, a small amount of meat in a minute of foods does not meet baby's big protein need. But here—feed Swift's Meats for Babies... they're all meat.
- 2. Compact nourishment—baby's stomach is small**
Your baby is so tiny he can eat only a small amount of food each day—yet he is building his body for life! Every day he needs the nutrients meat provides so abundantly. No other foods are added to Swift's Meats for Babies. They furnish the body-building goodness of meat in compact form.
- 3. Controlled feeding—for individual needs**
Your doctor prescribes a special formula... a special diet for your baby, because no two babies are alike. A mixture of foods already prepared may be all right for one baby—wrong for your baby. The best way... the surest way... the way your doctor recommends, is to feed baby's foods separately... so you can control and balance the amounts exactly. Swift's Strained and Swift's Diced Meats make it easy for you to feed your baby just the exact amount of meat that's right for him.
- 4. Variety—to form good eating habits**
Doctors say your baby needs a variety of tastes and textures in his diet, to help him form nutritionally sound eating habits. That's why baby's foods are best fed *separately*—not all mixed together—so that he gets to know different flavors, acquires tastes for a variety of foods—meats, vegetables, fruits, milk and cereals. Swift's Meats for Babies acquaint your baby with six wholesome, distinctive flavors of meats he will be eating all his life.

Never before—all-meat products SO ECONOMICAL... SO EASY to serve to baby!

Prepared to doctors' specifications from selected, lean, Government Inspected Meats—trimmed and boneless—just right for your baby by experts!

2 special terms—Swift's Strained Meats for young babies... soft, moist and smooth as cream. Swift's Diced Meats—tender, juicy, bite-size cubes.

4 tempting kinds—beef, lamb, pork, veal, liver and heart.

2 or 3 servings per tin—only a few cents each! A fraction of the cost of home preparation!

No work—no waste... they're ready to heat and serve!

There's a Girl...

who eats **NABISCO SHREDDED WHEAT**

Hi there! It's Judy on the air... for Judy's a radio actress. "In my work I need lots of energy... healthy nerves," she says. "So I start the day with husky Nabisco Shredded Wheat! And you'll like it, too! Nabisco Shredded Wheat is made from nature's favorite grain—whole wheat. It contains vital food elements we need. So digestible! So nourishing! So tasty! Nabisco Shredded Wheat is the original Niagara Falls product. Try whole wheat cereal for breakfast. Eat Nabisco Shredded Wheat every day."

Sold by The CANADIAN SHREDDED WHEAT COMPANY, LTD. NIAGARA FALLS, CANADA

Delicious, ready to serve...yet as nourishing as a hot cereal!

DISTRICT NEWS IN BRIEF

Name Russell Shaw Lloydminster Mayor

LLOYDMINSTER, Dec. 4.—Russell Leonard Shaw, oil operator of the town of Lloydminster was elected mayor of this border town by acclamation at the nominations held here today. Robert J. R. Noyes, garage owner, is second vote-receiver for the council for the second term.

OTHERS NOMINATED to contest the four council vacancies are: George Bodnar of Bodnar & Sons, Metal; Robert C. Chapman, Shell agent; Leslie S. Hand, land agent; and J. H. Stenevill of Stenevill & Sons, accounting service.

Nominated for the two public school board vacancies are: R. S. Phillips and Francis B. Wade, engineering consultants; and the Rev. William H. Packer.

Those nominated for high school board are Harold P. Aston, and Henry C. Meeson, both residing in re-election; and Dr. John M. Dick. There are two vacancies.

Form Cage Teams

RED DEER, Dec. 4.—The Central Alberta Composite High School at Red Deer will have a girls' and boys' basketball team this season, and will play against other Central Alberta teams. Organization is planned for a league made up of teams from Wetaskiwin, Camrose, Red Deer and Olds. C. M. Ward and Miss Sylvia Callaway, of the staff of the Composite High School, who are coaching the teams have chosen the following players:

Boys: Bob Holmes, George Ray, Ralph Evans, Keith Hughes, Art MacArthur, Bill Miller, Alan Harland and Walter Abbott. Girls: Betty Roberts, Joan Goodacre, Lillian Abbott, Brenda Shaw, Lois Gordon, Fern Tetlow, Marie Black and Chloé-Elaine Cullen.

Leaves Elk Point

ELK POINT, Dec. 4.—Andrew Fausy of Shamrock Valley, who has been a resident here for the last year, left recently to make his home at Cowan Lake, B.C. Two of his sons, Urban and Albert, and a married daughter, Mrs. M. Stetson, have resided at Cowan Lake for the last year.

Start Practices

RED DEER, Dec. 4.—A lack of ice in the arena has held up hockey practice for the 7th and 8th grade teams. Practice on Sunday night candidates for the team were able to have a workout. The Hasty Gunners are entered in the Central Alberta Hockey League. No other teams have been about 20 players.

Honor Entrants

"Better Farming"
BEAVERLODGE, Dec. 4.—A banquet was held in the hall here recently by the Beaverlodge Board of Trade in honor of those who competed in the "Better Farming Award" contest, which was introduced by the Agricultural Service Board of this municipality during the summer months. Fourteen contestants entered.

Guests for the evening were: J. Stranaka, district agriculturist of Grande Prairie, and Mrs. Stranaka; K. Anderson, director of the Seed Growers Association of Alberta, and Mrs. Anderson; J. H. Holton, chairman of the Agricultural Service Board; J. McMillan, chairman of the Beaverlodge Seed Growers, and Mrs. McMillan; J. Smith, reeve of the municipality; G. Fawkes, weed supervisor; Mr. Stacey, supervisor of the Dominion Government Station at Beaverlodge; and Mrs. Stacey.

Mr. Wasmuth, president of the Board of Trade, welcomed the guests, then called upon Mr. Stacey to introduce them.

Mr. Stranaka delivered the main address of the evening. He stressed the importance of the contest for their initiative in sponsoring the worthy enterprise. He stressed the point that the farmer and business man should strive for clear unity and this have a better understanding of each other's problems. He recommended a balanced farming method as the safer practice to assure a reasonable income to the farmer. Grain, grasses and legumes make an ideal crop rotation, preserving the soil and preventing soil erosion, and it was mainly on these two practices the competition was based.

First prize was presented by Gordon Meyer of Kilmour. C. Nelson of Kilmour took second and B. Cleland of Halcroft took third.

Pioneer Residents

To Leave Rocky
ROCKY MOUNTAIN HOUSE, Dec. 4.—Pioneers of the Alhamra district, Mr. and Mrs. M. Butler, have sold their farm and will leave this week for the Okanagan valley near Penticton, B.C. They came to Alhamra from England in 1904 to homestead two miles from the present site of the village. At that time, the nearest railroad was the Canadian Pacific.

The Butlers came in from Red Deer with a wagon and team of mules, taking 10 days to make the trip and after selecting their land and building log barns and a house, it was six months before they could take time to go out for more supplies.

A crowd of early pioneers and friends met at the Butler home recently to present Miss Butler with a gift of china and Mr. Butler with a smoker's set.

No Change

WINNIPEG, Dec. 4.—(CP)—Canadian John H. Turner's condition yesterday was reported unchanged from Tuesday by his doctors who said the 67-year-old man was in pain in his neck than previously.

The swordfish's sword is nearly half as long as the fish itself.

Murdered

Affect Australian Fruit Industry

NEW YORK, Dec. 4.—(CP)—The Australian News and Information Bureau said in a news release yesterday that the Australian government is in "partial" with the imposition of import restrictions for the Canadian government because they will affect the Australian citrus fruit industry.

Early Hurburg Settler Is Dead

ROCKY MOUNTAIN HOUSE, Dec. 4.—One of the first settlers in the Hurburg district, Mrs. A. Grouse died recently after a lengthy illness. Born in Italy in 1872, she came to Canada with her husband in 1904 and took a homestead 13 miles west of Rocky Mountain House in 1916. In those days they were one of the few North Saskatchewan river and had to cut their own trail through the bush to their home. Mrs. Grouse was survived by three sons, John and Nicholas of Edmonton, Eugene of Hurburg, and one daughter, Mrs. T. W. Gray of Rocky Mountain House. The funeral service was held at her home. Burial in the Grouse cemetery.

Golden Trumpet For Museum

MEMPHIS, Tenn., Dec. 4.—(AP)—The ultimate resting place of W. C. Handy's golden trumpet will be in a museum on famed Beale Street in the aging Negro composer's dreams come true.

Colds Billions Dollar Nuisance

NEW YORK, Dec. 4.—(AP)—You'll probably "catch a cold" before another year rolls around, as insurance company (Metropolitan Life) said yesterday in reporting on statistics of the common cold.

Toronto Leafs Snip Rangers' Win String

NEW YORK, Dec. 4. — (CP) — Toronto Maple Leafs marred "Lester Patrick" night for the New York Rangers, scoring a 4-1 victory before 15,925 fans at Madison Square Garden to move into first place in the National Hockey League.

With a house full of hockey celebrities on hand to pay tribute to Patrick, 65-year-old, patriarch of the Rangers, the Leafs took command with the only goal of the first period and never were behind as they snapped New York's winning streak — longest by any team this season — at four straight games.

FOR TWO PERIODS it was a rugged, tenacity-filled struggle, but the Leafs asserted command in the final 20 minutes on two goals without a reply from Rangers.

Main architect of a victory which enabled the Leafs to take a one-point lead over Detroit in the standing was lanky Joe Kluckart, who cashed a goal-mouth pass from Nick Metz in the second period for Toronto's second goal and got the third by deflected a rolling puck past Sugar Jim Henry early in the third.

SYLVANUS APPS, one of the stars of the game, finished the scoring at 15:16 when he flicked a backhand shot to best Henry cleanly.

The other Toronto goal came in the first period when Rangers played two men short. Cal Gardner and Colville resting in the penalty box at the time. Howie Meeker got it.

YOUNG ED MULLIN saved Rangers from a shutout, scoring after a 3-2 lead with the second period on a power play engineered by Bill Moe and Bill Judd.

Thirty-minute minutes in penalties were awarded in this fourth meeting between the clubs, from which Rangers have only one victory against three defeats. The penalties included a minor infraction sentence to Bill Barkley of the Leafs for protesting a decision by Referee Bill Chadwick, and a major to Gardner of Rangers for high sticking Bill Eklund in the first period.

Battle Bruins 4-4

Poile's Late Marker Gives Chicago Draw

BOSTON, Dec. 4. — (AP) — Chicago's vastly-improved Black Hawks provided the National Hockey League's Boston public with its fastest action of the season while coming from behind to gain a 4-4 tie with the Bruins last night before 15,940 fans at the Boston Garden.

Bud Poile established the deadlock while the Bruins were playing short-handed with but two minutes remaining. The Bruins appeared to have a 4-3 decision, which would have meant their first triumph in their last six starts, until defenseman Fernie Flaman drew his stick and the game's second penalty for interfering with Doug Bentley when the latter appeared to have goalie Frankie Brinkoff at his mercy.

WHEN FLAMAN went off, the Hawks threw five forwards into the action and Poile hooked the puck out of a milling mob in front of the Boston cage and slapped it home.

Poile also collected one assist on a pair of goals that Guy Stewart gave the Black Hawks with the short space of a minute and 20 seconds midway through the opening period. Bentley pulled the visitors into a 3-2 lead with Johnny Martini assisting in the second period.

PETE BARABO scored twice for the Bruins and the other Boston tallies were registered by defenseman Pat Egan and Clare Martin.

The action was wide open, fast and exciting from start to finish and rookie goalie Clarke, reported to be on the verge of returning to the minors, saved the Black Hawks time and again with sensational stops. Goalsie Frankie Brinkoff was even more outstanding in the Boston cage, making 38 stops in his younger rival's 34.

Boston — Brinkoff, Martin, Egan, Taylor, Clarke, Richards, Sien-Gallinger, Sandford, Dunham, Crawford, Macdonald, Baraboo, Wilson, Ronny.

Chicago — Jackson, Goldman, Dickman, Brown, Kallala, Bentley, Shostrom, Stewart, Price, Martini, Nystrom, Gendry, Prystay, Glen, Hamill, Conacher.

Referee — George Gravelle, Linesmen — Herb Gallagher, Sam Ballcock.

Americans Eat Still More Meat

By OVID A. MARTIN

WASHINGTON, Dec. 4.—(AP)—Americans are eating more meat now than they were two months ago when the government called upon them to eat less by observing Meatless Tuesday.

This does not necessarily mean, however, that the meatless day campaign is failing to achieve its principal objective—a reduction in the feeding of grains to livestock so that more cereals might be made available for shipment abroad.

This is the season of the year when livestock marketing normally increases and when meat production goes up. It also is the season of the year when appetites for meat tend to grow sharper because of colder weather.

Meat production by federally

inspected slaughterers was running less than 50,000,000 pounds a week when the meatless Tuesday campaign was started. Now it is averaging more than 60,000,000 pounds and probably will go higher before the month is out.

Consular Service

OTTAWA, Dec. 4.—(CP)—Canada intends to extend her consular service into the United States west coast area and will give "high priority consideration" to requests advanced by Seattle, a senior member of the consular division of the external affairs department said yesterday.

Welfare Probe

Sittings of the welfare probe were adjourned until Thursday morning due to the delay of George H. Stier, flying to Edmonton. Mr. Stier, flying to Edmonton, was delayed at Winnipeg due to weather conditions.

Veteran Violinist Records Playing for Future Years

Harry Morton, 3813 92 avenue, pictured above, is approaching his 84th birthday, took advantage of an offer by Recordings Unlimited, to record his music and musical talent. Mr. Morton recently visited the studio and made a record of himself

singing, and playing the violin. He stated it was a remarkable way to record old memories, and expressed the wish he could have made use, of the method many years ago.

Provide Unusual Service

Veterans Open Recording Studio

Three city veterans are offering Edmonton residents one of the most unusual services in Western Canada, personal recordings. The trio, Jack O'Leary, ex-RCMP, David Ivor Roberts, ex-Army and Elmer Roberts, ex-Navy, operates Recordings Unlimited, 101 street and base of McDougall hill.

Personal recordings of all kinds are made at their studio, where the latest equipment is always ready for use.

One special offering of Recordings Unlimited is Princess Elizabeth's complete wedding ceremony. These records may be bought individually or in a complete album.

THE VETERANS plan shortly to record plays for Edmonton residents. They are working closely with leading Edmonton producers toward this end.

FOR A CHRISTMAS gift, the firm suggests a voice recording. Many Edmontonians have taken advantage of this popular plan and already are keeping engineer Elmer Roberts busy.

David Roberts, continuity man for the new company, has had many years experience in the spot. He has been associated with the old Vic theatre in London, with the CBC.

Rescue Parties Head for Plane
FRANKFURT, Dec. 4.—(AP)—Ground rescue parties battled snow, fog and dense woods today as an effort to reach the spot where an American C-47 transport plane, missing since Friday week, crashed in rugged country in the French zone of Germany.

30-foot line of fire — apparently burning oil — was observed last night by rescue aircraft.

Gardiner Address

(Continued from Page 1)

While it normally sets food production objectives for the following year based on domestic and export needs, the meeting yesterday merely suggested that the 1947 program be continued for 1948.

THIS MEANS that wheat acreage will remain unchanged at the 1947 total of approximately 24,000,000 acres while that of the important feed grains, oats and barley, will stay at 14,000,000 and 8,000,000 acres, respectively.

This also applies to output of meat, dairy products, poultry, fruits and vegetables.

Mr. Gardiner spoke after Sir Andrew Jones, head of the permanent British food mission here, told the conference that if Britain could not buy Canadian farm products it was simply because she could not afford to pay for them.

It was not a case of Britain not wanting food. She needed it in greater quantities than ever, but had not the means to pay.

He expressed the hope a solution could be found.

Earlier, some provincial delegates urged that it be made clear whether farmers were to produce for a "sterling" market or a "dollar" market and suggested more stress be placed on the humanitarian aspects of food exports than on finance.

The provincial delegates also expressed concern over rising costs of feed and fertilizer and urged government action to bring them back to a more reasonable level.

either by the re-imposition of ceilings or payment of subsidy.

H. H. HANNAH, president of the Canadian Federation of Agriculture, said Canadian agriculture would be paid was encouraging.

Farmers had to know whether they were to produce for a sterling or a dollar market.

He said Britain had a government that was opposed to the C-47 as a way of thinking. Canada should give it thought before "we play into their hands."

As for British Columbia's position, she had lost the British market for apples, but she could find other buyers.

W. J. PARKER, president of the Manitoba wheat pool, spoke for Manitoba's minister, Douglas Campbell, M.P. with a solid, and said a federal promise of higher livestock prices would help to stabilize the Manitoba industry.

The industry would support any government which designed its program to serve the actual needs of Manitoba's farmer, then purely "mercenary" means.

He said he felt that Canada was under "some obligation" to place stress on cereal production in 1948.

He would help if the dominion would indicate what floor prices would be for feed grain in the coming crop year.

Morris Hartnett, deputy minister of agriculture for Saskatchewan, said his province should be able to make substantial surplus of coarse grains available to other provinces. However, Saskatchewan farmers were liquidating their livestock because of low feed prices which followed the removal of ceilings. The farmers had recognized that feed prices were low but felt that the increase should have been controlled.

O. S. LONGMAN, deputy minister for Alberta, said that western farmers would have to realize that there was a market in the east. At the same time the west had served the east in the past and would do so in the future.

He said that if Alberta farmers were going out of cattle, hogs and poultry they would go into wheat production. It was clear that out of livestock and poultry was falling.

Calgary Man To Stand Trial

CALGARY, Dec. 4.—(CP)—Lloyd W. Smith, 38, charged with murder in the hammer slaying of his wife, Pauline, here Nov. 27, yesterday was committed for trial in higher court following a preliminary hearing in police court.

Mrs. Smith's body was found in the bed of their attic room in a downtown rooming house. Smith was arrested at Banff the following day, and police took a statement from him.

At yesterday's hearing, the court was cleared of public and press while the statement was admitted as an exhibit and read into the record.

The magistrate, closed the court at the request of both crown and defence counsel.

John R. Mavor, counsel, said: "The ends of justice would best be served by holding trial in camera during any reference to the statement made by the accused."

The lawyer, appointed by the attorney general's department to act for Smith, pointed out that in the past, publicity had been given cases of a serious nature and that had made it next to impossible to obtain a jury whose minds are entirely free from prejudice as a result of the reading of alleged statements by accused at preliminary hearings.

Naturalist William Beebe served as an aviator during the First World War.

Community Theatre Play Wins Plaudits

Edmonton Community Theatre, in co-operation with the city recreation commission, Wednesday night presented its sixtieth production, a comedy, "Ladies of the Jury."

Approximately 175 persons attended the performance, staged in the former Red Cross hut, 100 street.

THE PLAY was credibly handled throughout and the audience was appreciative of performers turned in. However, it is speculative as to whether the production was well made. The play at times seemed to "get away" from the actors and perhaps a lighter choice would have been preferable.

Considering the vehicle chosen for production, all actors played their parts well, reflecting intelligence on the part of the whole cast.

The play opened with a court scene, as attorneys for the defence and crown were choosing the last two jurors for a trial. Case of the prosecuting attorney there was presented by Murray Kendrick. The selection of a wealthy lady as the twelfth jurist gave the audience a few delightful moments. The lady had never served on a jury before and presented the judge, Charles Sweetlove, with a few trying minutes.

Betty Ballantine, as Mrs. Livingston Baldwin Crane, wealthy socialite, and Charles Sweetlove, as the patient Judge Fish, played their parts well. A difficult part, that of Mrs. Gordon (Yvette Yvet).

who was accused of murder, also was well done by Olga Laruska. OTHERS IN THE CAST included Robert G. Gordon, Bernard Poulter, Bernice Doranish, H. Reginald Hodges, Gerry Nelson, Kathleen Fleming and John S. Arquin.

Ladies of the Jury: Betty Ballantine, David Peckitt, Betty Dunlop, Lyle Dwyer and Peggy Saunders. Gentlemen of the Jury were: Cammie McLeod, Elaine MacKenzie, Gordon McCormack, Ted Kasper, Harry G. Blackburn and Arthur T. Elliott. Waiters were: Kenneth Horne, Bill Bell, Oakley Dyer and Lawrence Scott.

Stage sets were designed by P. Holwood, Ernie Smith, Les Pilcher and A. Bowers. Allen MacKenzie was stage manager. Assistants were A. Harbad, A. Glaser, J. O'Leary and J. Roberts. Bob Hunter and Elmer Roberts were electricians.

Make-up was in charge of Margaret MacDonald. The Misters of the Theatre, H. S. Saddy, J. Allen and M. Anhol were ushers.

Second performance of the play will be presented Thursday at 8:15 p.m. with final performance Friday night.

Trading Balance Cramps Volume

HALIFAX, (CP) - Canada is one of the few fortunate countries whose production is large and whose capacity to produce has much increased. R. D. Harris, president of the Bank of Nova Scotia, told the annual general meeting of the bank's shareholders in Montreal.

"SCRAM!
OR I'LL MAKE A RUG OUTA
YA!"

Wally, the Walrus, needs to be so possessive. There's a little more "Gold Seal" Salmon available this year—but the supply is still not equal to the demand. You'll find this high quality brand of real sockeye salmon a welcome aid in meal-planning. And it's so easily prepared! Look for "Gold Seal" Salmon at your grocer's.

GOLD SEAL - Fancy
Sockeye deep red color. Finest salmon for every use.

RED SEAL - Fancy
Culotte color. A salmon of many uses.

PINK SEAL - Fancy
Pink salmon - lighter in color. Ideal for fish loaves, etc.

THE CANADIAN FISHING CO. LIMITED
VANCOUVER, B.C.

Market Reports

Stock Market Summary

TORONTO - Price movement turned definitely downward as heavy selling continued.

MONTREAL - Easier tendencies continued to predominate as heavy selling continued.

NEW YORK - Slipping tendencies persisted on one of the best volumes in two weeks.

CALGARY - Western oils were brisker and mostly stronger in trading.

Stealing Plane His Nemesis
JACKSON, Tenn., Dec. 4 (AP)—Charles Lee McDowell, charged with federal crime, was charged from the U.S. medical center at Springfield 30, was captured last night while trying to steal another airplane after crash-landing one he had taken in Missouri early yesterday, Sheriff Tom Lewis reported.

McDowell and four companions fled from the medical center Monday night. Three of them entered a farm family Tuesday night and made off with guns, clothing, money and an automobile.

\$37,800 Damages Sought by Suit
DAMAGES OF \$37,800 were sought in a negligence suit filed Wednesday by the law firm of Wood, Buchanan, Campbell and Gehl of James A. Donahue, Camp, one district resident, against the St. Lawrence district board.

The action arises out of an accident at the intersection of 4th and 5th streets, Cambridge, on the night of Dec. 21, 1948.

In the accident, the plaintiff, who was driving a motor vehicle, the property of Harold J. Dowling, suffered fractures of both collar bones, a double fracture of the right wrist and minor injuries to his right shoulder, a fracture of the outer table of the skull, concussion with fractured ribs, numerous bruised ribs and numerous contusions and bruises.

Hutterites May Migrate to U.S.
WINNIPEG, Dec. 4 (AP)—Two Manitoba Hutterite colonies are contemplating emigrating to the United States because of the controversy and protest over their way of life, John J. Mandel, leading member of the sect, said yesterday.

The two colonies, with an estimated population of 200, are Hutter and Bushonville, near Bismarck, in the southern part of the province.

Mr. Mandel said representatives had been to the United States making inquiries in North and South Dakota.

Last summer five colonies from Alberta emigrated to the U.S. They were reported to have purchased \$100,000 worth of land in Montana for settlement purposes.

Latest Safety Device
To protect the lives of night-cycling youngsters and others, traffic committee of the Edmonton Safety Council has decided to sponsor use of a new type of reflector that has recently received wide acclaim in the United States.

Cycling in the Dark With Safety
Above are shown two pictures dealing with cycling. The picture on the left shows a bicycle in daylight. At the right is a view of the same bicycle as it appeared in a test in the dark. The same material was used on highway traffic signs as was used for airport markers. The reflectorized material can be cemented to any surface.

Lighten Punishment
LONDON, Dec. 4 (AP)—Twenty thousand dollars from the armed forces are "on the run" in Britain today, Charles Hall, leader of the House of Commons, said today in the House of Commons when he joined with other members in urging that punishment for deserters be lightened to persuade more deserters to surrender.

Have Mailbox On Street Cars In Holland

A mail box in Amsterdam, Holland, "taps" a mailbox on a street car. The boxes are placed on trailers at a convenience to the public and are emptied at the end of each run.

PARROT FEVER AS WAR WEAPON
WASHINGTON, (NANA)—Less than one cubic centimeter of a virus responsible for the most deadly human disease is sufficient to infect 20,000 human beings when released in the air as an infinitesimally diffuse spray.

This disease is parrot fever, a highly fatal pestilence which has been recognized by the world's health authorities as one of the most virulent of infectious diseases since it first appeared, supposedly introduced by some South American parrots, about 18 years ago. At that time a small epidemic broke out, resulting in several deaths among public health workers.

Discovery of the infectiousness was made accidentally according to an account published in the Journal of Infectious Diseases. Dr. Theodore Hensley, formerly of the Camp Detrick staff, a laboratory worker became ill from the same floor with the laboratory experience in the virus from its air.

It seemed impossible that any of the deadly substance could have entered the glass walls, but subsequent examination showed a tiny hole through which the virus had escaped. The hole was found to be a crack in the glass, which was caused by a sharp blow to the glass.

The case is cited as an example of the potency of preparations of some of the bacterial and viral agents which have been mentioned as possible biological warfare weapons. It is also cited as an example of the importance of the most virulent agent discovered in the virus from its air.

MUCH BETTER
"Do you think a 'bushy' is better than a 'bushy'?" he asked. "Yes, she said, a 'bushy' is better than a 'bushy'."
